- VB6/VB.NET
- Git/GitHub

PROFESSIONAL SUMMARY

Prolific front-end web developer building world-class web applications with a passion for metrics and surpassing previous benchmarks. Proficient in an assortment of technologies, including JavaScript, TypeScript, HTML, CSS, React, and Remix. Certified SAFe 5 Practitioner. A self-motivated and collaborative team player.

WORK HISTORY

July 2022 - Current
Bendable Technology Solutions Pvt Ltd - Front-End developer, Bangalore, India

- Developed multiple portals for both customers and suppliers to make digital manufacturing process easy.
- Delivered projects on time, following agile development methodologies (completed 4 portals in last 1 year).
- Executed comprehensive testing procedures, identifying and resolving software bugs promptly to ensure stability across range of devices and browsers.
- Worked closely with back-end developers for seamless integration of front-end and back-end systems, and also performed some basic back-end tasks in Frappe framework.
- Collaborated with UI/UX designers and product team to match visual design intent.
- Implemented state management using Redux.
- Created reusable UI component library using ReactTS, RemixJs, ChakraUI, and maintained Storybook.
- Utilized version control systems to manage and track changes in codebase.
- Optimized web pages for maximum speed and scalability.

October 2019 - January 2022
GlobalLogic - Software engineer, NOIDA, India

- Adapted to different languages and technologies based on project requirements.
- Collaborated with team members to create system analyses for applications based on client requirements.
- Developed software prototypes, enabling efficient testing and feedback. Developed Web UI Components using ReactJS for Admin Dashboard system, which provides all critical information about CSR activities and their expenditure, and helps in tracking and managing financial budgets.
- Prepared POCs in React, Node, and VB6.
- Worked on VB6 legacy code for Insurance Decision portal as full-stack developer
- Became point of contact for certain project deliverable workflow activities.

- Collaborated with DevOps team to identify and fix issues in deployment of project.
- Worked cross-functionally to address complex challenges in product development.

EDUCATION

Bachelor of Technology: Computer Science and Engineering - CGPA - 7.27
Govt Engineering College Wayanad, Kerala, Wayanad/India, August 2015 - July 2019
